DECLARATION OF FACTS IN SUPPORT OF FILING ON BEHALF OF OMITTED INVENTOR UNDER  
37 C.F.R. § 1.47(a)

Dear Sir:

This Declaration of Facts is made as to the facts which are relied upon to establish diligent effort to secure the execution of a Declaration by the omitted inventor, Ignatius B. Tjandrasuwita, for the above-referenced patent application before and after deposit of said application in the U.S. Patent and Trademark Office.

This Declaration of Facts is being made by an available person having first-hand knowledge of the facts recited therein.

I, Michael W. Farn, being employed as an attorney by Fenwick & West LLP ("Fenwick & West") and having a business address of Two Palo Alto Square, Palo Alto, CA 94306, hereby declare that:

1. I am a patent attorney registered to practice before the U.S. Patent and Trademark Office (Reg. No. 41,015).

2. Mr. Greg Sueoka is a partner at Fenwick & West and is a patent attorney registered to practice before the U.S. Patent and Trademark Office (Reg. No. 33,800).

3. Mr. Sueoka and I are assisting in and are responsible for the prosecution of the above-referenced patent application for S3 Incorporated, 2801 Mission College Boulevard, Santa Clara, California 95052-8052 ("S3").

4. S3 is the real party in interest and, on information and belief, is entitled to assignment of all inventor rights and interests involving the above-referenced patent application.

5. On November 13, 1997, I filed the above-referenced patent application in the USPTO. The application as filed named three inventors: Ms. Reena Premi, Mr. William S. Herz, and Mr. Ignatius B. Tjandrasuwita. On information provided in an invention disclosure signed by Ms. Premi, Mr. Herz and Mr. Tjandrasuwita in August 1996 and from a meeting with Ms. Premi and Mr. Sueoka to discuss the invention in October 1997, I believe that Mr. Tjandrasuwita is a joint inventor with Ms. Premi and Mr. Herz in the above-referenced patent application.

6. On January 23, 1998, I mailed a package containing the patent application as filed, an unexecuted declaration, and an unexecuted assignment, to Mr. Tjandrasuwita at his last known address at that time, 32421 Seaside Drive, Union City, CA 94587, via United States Postal Service Certified Mail - Return Receipt Requested. A true copy of the cover letter for this package, the unexecuted declaration, the unexecuted assignment, and the Certified Mail Receipt are attached as Exhibit A.

7. On or about January 26, 1998, I received the Return Receipt postcard from the United States Postal Service. The Return Receipt postcard is signed in the agent signature block and, therefore, would indicate delivery and receipt of the patent application packet by either Mr. Tjandrasuwita or his agent. A true copy of the Return Receipt postcard is attached as Exhibit B.

8. On January 29, 1998, I telephoned Mr. Tjandrasuwita at his last known number at that time, 510-489-3175, to inquire regarding the status of the package previously mailed to Mr. Tjandrasuwita. My telephone call was received by an answering machine. I left a message inquiring about the status of the previously mailed declaration.

9. On February 19, 1998, I again telephoned Mr. Tjandrasuwita to inquire regarding the status of the package previously mailed to Mr. Tjandrasuwita. My telephone call was again received by an answering machine. I again left a message inquiring about the status of the previously mailed declaration.

10. On March 19, 1998, I mailed a second package containing the patent application as filed, an unexecuted declaration, and an unexecuted assignment, to Mr. Tjandrasuwita at his last known address at that time, 32421 Seaside Drive, Union City, CA 94587, via United States Postal Service Certified Mail - Return Receipt Requested. A true copy of the cover letter for this package, the unexecuted declaration, the unexecuted assignment, and the Certified Mail Receipt are attached as Exhibit C.

11. On or about March 24, 1998, I again telephoned Mr. Tjandrasuwita to inquire regarding the status of the two packages previously mailed to Mr. Tjandrasuwita. My telephone call was again received by an answering machine. I again left a message inquiring about the status of the previously mailed declaration.

12. On or about April 7, 1998, my package of March 19, 1998 was returned to me by the United States Postal Service as unclaimed. The package, when returned, appeared to have

been previously opened and then taped closed again. A true copy of the front mailing surface of this package is attached as Exhibit D.

13. On information and belief, Mr. Leif Sloan, who is the patent agent for S3 overseeing prosecution of the above-referenced patent application, has also repeatedly telephoned Mr. Tjandrasuwita during the period from April 7, 1998 to present to inquire regarding whether Mr. Tjandrasuwita intends to execute a declaration and assignment for the above-referenced patent application. All of Mr. Sloan's telephone calls either rang unanswered or were received by an answering machine. To date, Mr. Sloan has not received from Mr. Tjandrasuwita any communications, including any response to his multiple telephone calls, an executed declaration, and/or an executed assignment, regarding the above-referenced patent application.

14. To date, I have not received from Mr. Tjandrasuwita any communications, including any response to my multiple telephone calls, an executed declaration, and/or an executed assignment, regarding the above-referenced patent application. Mr. Tjandrasuwita cannot be reached or found and/or appears to be effectively refusing to execute a timely declaration.

I hereby declare that all statements made herein to the best of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

---

Dear Ignatius:

I am pleased to enclose for your information the above-identified patent application, filed on November 13, 1997, for which we believe you may be an inventor. Please review the specification, claims, and drawings. If you do not believe that you are an inventor to this application, please contact me so we may remove you as one of the named inventors. If you believe that you are an inventor, please execute the attached documents as follows after you review the specification.

Declaration and Power of Attorney: Please sign and date where indicated.

Assignment: Please review this document carefully, and, if appropriate, sign and date where indicated. Please note that you must sign the Declaration before you sign the Assignment. It is preferable, although not necessary, to execute the Assignment in the presence of a notary public.

Note that there are two date columns on the assignment. In the first date column, you should write the date on which you signed the Assignment. In the second date column, you should write the date on which you signed the Declaration.

Please send the original application and executed documents back to me using the enclosed Federal Express envelope.

18235//709155

This letter is also a reminder of your duty, under Title 37, Code of Federal Regulations, §1.56(a), to disclose to the United States Patent and Trademark Office (USPTO) any information you are aware of that is material to the examination of this patent application.

We request that you send such information to us as soon as possible for review and, if necessary, filing in the USPTO prior to February 13, 1997. The rest of this letter explains your duty in greater detail.

**Who Has A Duty to Disclose?** All individuals associated with the filing or prosecution of the application have a duty of candor and good faith toward the USPTO, including a duty to disclose material information of which they are aware. These individuals include:

- each inventor;
- each attorney or agent who prepares or prosecutes the application;
- every other person who is substantively involved in the preparation or prosecution of the application; and
- individuals other than the attorney, agent or inventor, who have disclosed information to the attorney, agent or inventor.

We regularly satisfy the obligation of these individuals by preparing and sending an Information Disclosure Statement (IDS) to the PTO after filing an application.

**What Information Should be Disclosed to the PTO?** You should disclose any publication of which you are aware that describes a device or method similar to that claimed in the patent application, or that discloses a significant concept or feature of the invention. Publications include, for example, patents, articles, promotional literature, user manuals, conference proceedings, and files publicly available anywhere on the Internet, the World Wide Web, or any other computer service or network.

**Are Publications and Patents the Only Items to Disclose?** No. You should disclose any public use, public disclosure, sale or offer for sale of the invention or any similar device that occurred in this country more than one year prior to the filing date of the application. A public use or disclosure is one made to others who are not under an obligation of confidentiality. Offers for sale may include promotional displays, marketing tests, price lists, beta tests, or other acts indicating an intent to commercialize the invention, whether made in public or under a non-disclosure agreement. You should also disclose any knowledge or use of the invention by others in this country, of which you are aware, prior to your date of invention.

**Do I Have to Disclose My Own Publications or Patents?** Yes. You should submit all publications, patents, or other information, even if you are the author or inventor.

**Do I Have to do a Search?** No. You have to disclose only that material information of which you are aware. You do not have to search actively for such information. However, we suggest that you thoughtfully consider any publications you have access to, and any public uses, public disclosures, sales, and offers for sale which may have been made by the company, by you, or by others associated with you.

**What Happens if I Don't Disclose Information of Which I am Aware?** Failure to make a full disclosure, as described above, may seriously jeopardize the patent owner's ability to enforce any patent that might issue. Willful failure to provide pertinent information may be grounds for invalidating any subsequently issued patent and may result in an action for damages against the patent owner. Reasonable doubts as to an item of information should be resolved in favor of disclosing it to us for our review so that we can determine whether it should be disclosed to the USPTO.

The duty of disclosure is an ongoing duty throughout the pendency of the patent application. Accordingly, if you become aware of any material information at any time before the patent issues, you should promptly forward it to us for timely submission to the USPTO.

Please contact me at (650) 858-7823 if you have any questions or comments regarding this or other matters.

Sincerely,  
FENWICK & WEST LLP

Michael W. Farn
